

ENVIRONMENTAL POLICY STATEMENT

The company is committed to a positive and responsible course of action with regard to those aspects of the business which impact upon the environment. It seeks always to act in accordance with good practice, preserving and, where possible, enhancing the quality of the environment.

Commitment to the environment is demonstrated by maintaining an Environmental Management System, which meets the requirements of ISO 14001 and is focused on continuously improving the environmental performance of the business. Key components of the system include the establishment of environmental objectives and targets, which require the company to achieve continual improvement and the establishment of programmes to ensure satisfaction of these improvements, objectives and targets.

The strategy addresses the following key areas to:

- Review and reduce the environmental impacts of our operations
- Increase employee environmental awareness and training
- Protect natural resources, through pollution prevention and emergency response
- Ensuring the company is a good neighbour
- Recycle materials and minimise waste and where possible use sustainable resources.
- Comply to all planning permission and license requirements
- Full commitment to using Environmentally Friendly products and promoting wherever possible, the re-cycling or reuse of old materials.

Management, staff and employees are encouraged to liaise and work closely with suppliers, sub-contractors, regulators and clients/customers to ensure the services will meet and exceed all regulatory requirements and other applicable requirements.

This policy is available to interested parties.
